
ENEL608 – Introduction to Micro-controllers

Unofficial course manual

Written by Zach Barrett Last updated: 2024-12-09

Table of contents

1. Introduction	3
2. Week One	4

1. Introduction

This document is a collection of my notes and knowledge related to the class Introduction to Microcontrollers at AUT, written for someone taking this class. While largely intended as a way of writting down everything I know for my own benefit, my hope is that it will be of use for you as well.

2. Week One
